

NEW!
Must See
Experience

BE THE EXPERIENCE. LIVE THE LESSON.

First ever in a children's museum —

SMALLab is an embodied learning environment where every learner is up, moving, and collaborating with peers. Work together to solve puzzles, create stories and character plots, learn about the world, and paint digital masterpieces. This innovative, motion-capture technology can increase student learning by 86%, and yield a 7x increase in student-centered discussions. Watch as your class learns, laughs, and explores together.

FIELD TRIP DETAILS

The SMALLab Experience is available as a Field Trip add on Tuesday-Friday. It accommodates a max of **26 students** and **3 chaperones**. Each scenario is 45 minutes in length and comes with a SMALLab Educator to facilitate. For groups larger than 26 students, GCM Reservations will assign you a multiple group schedule.

COST

Students, **\$9.50 EACH**

(\$6 GCM Field Trip + SMALLab Add On \$3.50)

Lead Teacher, **FREE**

1 Adult Chaperone to every 10 Students, **FREE**

Additional Chaperones, **\$10 EACH**

SMALLAB SCENARIOS

APRIL 1-AUGUST 31, 2016

SHAPES AND COLORS FANTASTIC

Pre K-Grade 1 | Art, Math, Literacy

Red, Green, Blue, Octagon! Mix, match, and cheer for colors, letters, sound combinations, and art.

CONSTRUCT A TALE

Grades 1-3 | Literacy, Narrative Construction

Video board meets program solving in this fantastic fairy tales experience. Collaborate to create a fairy tale timeline. Dissect the inner workings of a villain and hero to construct a brilliant story.

Recommended with our Fairy Tales Workshop

FRACTION ACTION

Grades 2-4 | Math, Teamwork

Don't let the fraction fall off the factory ledge before it's complete! Work in teams to make sure your fraction knowledge is top-notch!

MEMORY MOMENTUM

Grades 3-5 | Problem Solving, Critical Thinking

This isn't your average memory game! Choose your own Memory Momentum adventure with increasingly difficult levels as you continue! Choose from:

- Parts of Speech
- Planets and Moons
- United States Geography
- Multiplication, Fractions, and Division

Have you booked a Field Trip already?

Don't forget the SMALLab Experience is an additional \$3.50 per student.

Contact Reservations at 813 443 3821.
