

# Sick Policy

The Glazer Children's Museum strives to provide a safe and healthy environment for all our visitors. To keep everyone safe, we request the following "Sick Policy" be followed by our visitors, our staff, and our volunteers and vendors.

**As a general rule: if you or your child have a fever or are too sick to go to work or school, then you are too sick to visit the museum.**

The following guidelines are more specific and we request that visitors with these symptoms not visit the museum.

- Fever
- Flu symptoms (headache, high fever, chills, lethargy, muscle aches, cough, sore throat)
- Upper Respiratory Infections (nasal congestion, runny nose, scratchy throat, painful swallowing, cough, watery eyes – with or without fever)
- Diarrhea or vomiting
- Conjunctivitis or "pink eye" infection
- Impetigo (infectious skin disease which shows up as small pimples that turn into red blisters in a circular pattern)
- Strep Throat (child must be on antibiotics for 48 hours before coming to the museum.)
- Head lice
- Hand, Foot, and Mouth disease
- If you've been in contact with someone who has a confirmed case of COVID-19, please wait the full incubation period of at least 14 days before visiting the Museum.
- Any other communicable disease not listed above

Under the discretion of the Museum, visitors who appear sick may be asked to leave the Museum for the health and safety of other visitors. If a visitor is asked to leave due to illness', free admission passes to return will be given to the visitor.
